Providing wellbeing through specialised disability support programs

About this program

Our NDIS Program is designed to support the unique needs of each individual, promoting independence, inclusion, and overall wellbeing.

We are dedicated to providing comprehensive and individualised services to children and young people with disabilities.

Our NDIS services

Assistance with daily living

Personalised support for everyday activities, including personal hygiene, meal preparation, and household chores.

High care and complex needs

Specialised care plans for individuals with complex health requirements, developed in collaboration with healthcare professionals.

Community access and transport

Transportation services facilitating participation in social, educational, and recreational activities.

Supported Independent Living (SIL) housing and accommodation

Safe and supportive housing options equipped with necessary modifications to promote autonomy.

Group activities

Programs encouraging social interaction, skill development, and peer support in a fun and therapeutic environment.

Community nursing

Healthcare services including medication administration, health assessments, and medical care coordination.

In-home drop-in support

Flexible in-home assistance with daily tasks, companionship, and respite for family caregivers.

Individual and personal care

Tailored services focusing on personal development and daily living skills, delivered with compassion and consistency.

Respite care

Temporary relief services for families, ensuring high-quality support in a safe environment for your loved ones.
